Spotlight on a Wiltshire Community Web Site

Can't Get Enough Gifts

"We founded Cant Get Enough Gifts at the beginning of 2006, selling wedding supplies to the public via our internet shop after difficulty sourcing the items we wanted for our own wedding. The business soon grew to include gifts for all occasions and in 2007 we purchased equipment to offer an express engraving service on our products. Our range covers everything from traditional items such as tankards and photo frames through to more unusual items such as personalised ribbon and world globes.

Soon after starting the business a family member recommended that we created a website on Wiltshire Community Web after finding it extremely useful for his own photography business (Positive Pixels). We had a look on the site and were able to get a basic webpage up and running within just a few minutes. Since then we have added more information and will continue to put on new products and pages throughout the coming months.

We have found that the community web pages have been a great way of promoting our services and it is an interesting source of information on other local companies and events going on in the area.

We wish everyone a very Merry Christmas and a Happy New Year!"
