REPORT FROM J KUNKLER

A number of consultations are being carried out by Wiltshire Council to which everyone is invited to comment.

- Waste
- Car parking. Pewsey Parish Council may have an option to take over the management of the Car Park which would ensure that there will not be parking charges. A public meeting will be held on this matter.

- The new Library is on course to open in December

- The Area Board still has funding available for Community projects

REPORT FROM EASTON ROYAL SCHOOL

A written report from Mrs Nicola Coupe – Head Teacher- was circulated to those present and is summarised below.

- 47 children are on the School role this September with some year groups full but others still small.
- With the change in Catchment Area and new families joining the School there are more opportunities for 'Car Share' and more children walking to school
- Speed Limit '20 is plenty'- Parents have been reminded to drive with care in the village and park with care. School Council are running a competition to design a suitable '20 is plenty' road sign and may approach the Parish Council for funding once the project is further ahead. The children would be pleased to present their ideas to a member of the Parish Council.
- Travel Plan and Landscaping. The Travel Plan will be reviewed this year with particular reference to landscaping the front of the School to improve the health and safety for children entering and leaving the School. A working party of Staff, Parents, Children and governors is being set up and two representatives from Parish Council would be most welcome to join.
- Mobile Classroom Retention. A planning application is in for retention of the Classroom.
- Village Links – Community Cohesion. All avenues are being pursued to increase Cohesion through local links such as decorating the Church prior to Harvest Service and holding a harvest service in the School on 30th September 2010 to which all are invited.
- Local, National and International Links. The formal partnership with St John's School has provided many benefits in a number of subjects. Links with other local schools are thriving and a special link with an urban Primary School in Harrow has given both communities insight into how each thrives. Professional links between staff and pupils of 4 Wiltshire Schools and a

School in India have recently been made. Progress on this project will updated at the November Parish Council meeting.

REPORT FROM COMMUNITY POLICE

A written report was received from Mark Lewis and is summarised below.

- Easton Royal has no specific problems to report.
- Recent increase in foot and mobile patrols has led to a reduction in crime and related incidents, especially in respect of anti social behaviour and criminal damage reports. However there is much more still to achieve.
- Shed/ garage burglaries tend to increase at this time of the year and with the cost of Heating Oil as high at it is- take extra precautions to keep your property protected. Seek advice
- There have been increased incidents of theft from vehicles at the usual dog walking sites. Advise not to leave valuables in the vehicle and leave glove compartments open to show thieves that it is not worth breaking in.
- PCSO Helen Ringstead has left Pewsey Police Station and by next Parish Council Meeting there should be news about “permanent” replacements for both PC Derrick Foord and PCSO Helen Ringstead. In the mean time PCSO support from Marlborough is assisting patrolling strategy.

ANY OTHER BUSINESS:

- Received from Parishioners comments about the hedge and state of the bench on the green

- Gravel from two properties in particular encroaching on the highway and a cycling accident has occurred because of this gravel - Clerk to send out a letter to all property dwellers with gravel driveways
- The hedge around the play area is due a trim and will be done when time permits
- The 'Lay-by' on the B3087 was raised as an issue. Clerk to discuss with Highways if it is possible to white line the road side to encourage vehicles to park closer to the hedge. If the hedge was trimmed back further there would be more room – the landowner would be responsible for hedge trimming. As previously stated, the 'Lay-by' is a field entrance and has been used for car parking only because it is no longer required as a field entrance.
- The Play Area equipment is getting old and tired. Funding is available from Wiltshire Council and the Playbuilder Scheme. Clerk to look at this.

DATE OF THE NEXT MEETING: Tuesday 16th November 2010 at 1930 in Village Hall
